PROFESSIONAL STAFF

Architects, interior designers/decorators, Vendors product designers, graphic designers, furniture coordinators, HVAC/Electrical engineers, construction managers, facility planners, procurement specialists.

AMA is a commercial design; planning and consulting company specialized in themed Architecture and interiors. It is formed in 2009, with the intention of bringing high quality original **Architectural** and **Interior Design** to the residential and commercial marketplaces.

The firm has done numerous corporate projects both as consultants as well as on turnkey basis.

Some of the projects are done with other renowned architects, builder, designer and consultant firms.

Budget considerations are always paramount, and services are always discussed prior to job commencement, outlining responsibilities, mandates, restrictions, and schedules.

The company has done variety of projects including banks, offices, residences, hospitals, hotels etc.

The nature of projects varies from construction/renovation to detail interior with furniture.

The projects covering every aspect including architectural structural, electrical, woodwork, plumbing, air conditioning, glass, steel work, furniture, LAN/WAN and other IT related aspects.

Each project is handled with sensitivity and creativity using latest architectural and engineering software, taking maximum advantage of site while using new innovative techniques and material thus making the building environment friendly.
